FARMERS MAY GET WORK ON CWA PROJECTS

Christmas Money For The Wheat Farmers

WHEAT MONEY IS EXPECTED HERE MONDAY

Allotment Checks Will Be Given to Wheat Farmers

CONTRACTS OKED

Notice to Farmers As Soon as Money Arrives

Randall county farmers will receive their wheat allotment checks by the middle of next week if no delays are met in Washington.

The government approved Randall county's allotment on Tuesday of last week, according to a telegram received by County Agent W. H. Upchurch. The contracts of 660 farmers had reached Washington by air express, being rushed there so that farmers might receive their money before Christmas. Washington officials recently announced that it would take about 10 days to issue the checks after a county's contracts had been approved.

A number of contracts are still here, these having not been completed for various reasons. Mr. Upchurch states that the dead line for the contracts to reach Washington is December 20th. Any wheat contract not received by the government by that time automatically is void.

The checks will be sent directly to the local allotment committee and will be distributed as soon as received. It will be necessary for farmers to come to Canyon and sign up for their checks. Notices will be sent to each farmer as soon as the definite date is received when the checks will be available.

While it is not definitely known how many checks will be received in the first shipment, it is believed that at least $150,000 will be distributed here next week.

W. C. Black has been appointed treasurer of the allotment committee and will handle all of the allotment checks and the expense incurred in the committee's work.

W. T. Queen To Be Crowned Saturday at 8 p. m.

A contest is under way among the students of W. T. to select the Queen of the College. Margaret Harvey, Josephine Fleniken, Adella Beavers, Nina Mae Drew, Pauline Shelton and Sue Brown have been entered in the contest by their friends.

The results of the balloting will be made known Saturday, and the coronation exercises will be held Saturday night.

The exercises are free to the public, and the students have invited citizens of Canyon to attend.

Classification Talk on Insurance Heard Tues. by Rotarians

Laroy White of Amarillo gave a classification talk Tuesday at the Rotary Club luncheon on insurance. Having spent 33 years in the insurance business, Mr. White gave many interesting facts regarding insurance, its benefits and its outlook.

The program was directed by the Classification Committee, Joe Hill, chairman. Mr. Hill invited the club and all other citizens of Canyon to the crowning of the College Queen which will be held Saturday night at 8:00 o'clock. No admission will be charged.

The birthdays of Burt Newlin, Albert Terry, Donald Trolinger, J. H. Cox, Jr., and J. Roy Moses were recognized.

Forrest Ferrell was introduced as a new member of the club.

No meeting of the club will be held Dec. 26th, and the Rotary Ann luncheon will be held on the night of January 2nd.

Visitors present Tuesday were: Laroy White, C. S. Lambie, Guy Saunders, W. W. Kelley, R. E. Wertz, Philip O. Lantz and H. L. Patterson of Amarillo, and Carl York of Canyon.

LIFTING OF QUOTA GIVES JOBS TO MANY

Projects Are Approved in Austin For Improvements in County

257 ARE WORKING

Widening of Fourth Avenue and Road Work Will Be Started

More Randall county men have been given work on road projects as a result of changes made in the rules, which lifts quotas for Panhandle counties, and gives work to every able bodied man who needs a job.

The local committee has nearly 300 men at work on the various projects and more will be added if they will sign up at headquarters at once.

In addition to the road to the Palo Duro State Park, other projects have been approved at Austin, including the widening of Fourth Avenue; building a road south from Umbarger; putting caliche on the road south from the high school; a road into the Methodist - Baptist Encampment grounds; fixing the Company F rifle range; and three road projects in the north part of the county. Work was started yesterday on the Umbarger project, and the others will be started tomorrow or Saturday.

W. H. Hardin was elected general

Fox Baby Died As Result of Burns From Hot Water

The baby boy of Mr. and Mrs. A. L. Fox, Aubrey Leroy Fox, died Sunday as the result of burns received Thursday when he fell into a tub of hot water at the family home near the high school building. Mr. Fox is teacher in the public schools. The boy was born Dec. 15, 1931, lacking only five days of being two years of age at his death.

A short funeral service was held Monday at the family home, conducted by Rev. Chas. L. Dickey, after which the body was taken to Rochester, Texas, for interment.

Supt. Irby Carruth and W. H. Stroud accompanied Mr. and Mrs. Fox to Rochester.

J. W. Shanklin Named Superintendent of Park

J. W. Shanklin left last night for Brownwood where he will become superintendent of the Brownwood State Park. This is one of the new parks started under the CCC program.

Mr. Shanklin resigned as secretary of the Canyon Independent School District in which capacity he has served for four years. The trustees will fill the position in about two weeks.

Application On 5 College Projects Are Filed

Federal aid is being sought by W. T. to carry out five campus projects, according to statement of Dr. J. A. Hill, president.

Through the government's assistance the college will seek to build a boys' dormitory, a small dormitory for Home Economics students, living quarters for men on the College Farm, an addition to Cousins Hall, and for help in developing recreational equipment, including tennis courts and an out-of-door swimming pool on the campus.

Engineers Take a Look at Palo Duro

National and State Men Inspect Work at Park

R. O. Whiteaker, Texas State Park engineer, and National Parks Inspector Dunham spent Sunday at the Palo Duro State Park with Superintendent S. O. Miller in checking the work that was in progress, and making plans for the future work. The two engineers expressed great pleasure at the progress being made at the Palo Duro, and indicated that great development plans would be made for the future of the Park.

C. R. Bryam has been transferred to Stephenville, and a new assistant will be sent here for Mr. Miller. A number of changes are being planned for the engineering department within a few weeks.

Mr. Whiteaker was unable to give any definite information as to the future of the Palisades. Major J. A. Watson removed all of the army property from this camp, leaving only the buildings. Part of the lumber was moved to the Palo Duro to build garages. It is proposed to lease the Palisades to Amarillo and use CWA labor in finishing the improvements which were started by the CCC company which was recently transferred to Bowie.

W. T. Makes Bid to Border Crew

Application Filed Membership in New Conference

W. T. Buffaloes will likely play in the Border Conference after the spring meeting of the officers in May. Application was filed Monday in Lubbock by Registrar D. A. Shirley, chairman of the athletic committee of W. T.

Texas Tech has been a member of the conference for the past two years, and members of Tech athletic committee expressed a desire that W. T. enter the conference. Tech is the only Texas school in the conference, but it is rumored that Simmons, and perhaps others would seek a berth in this company. New Mexico Normal University of Las Vegas also applied for Membership.

M. B. COMER DIED SUNDAY AT HAPPY

Marian Buchanan Comer died Sunday at his home in Happy at the age of 76 years. He had lived there for 8 months, and was well known in that community. He was a business man and farmer.

The funeral services were held Monday and the body taken to Eastland county for interment.

Surviving is the widow, Mrs. Mary E. Comer, and one daughter, Mrs. J. L. Willis.

SUBSCRIPTION $1.50 PER YEAR
(A special rate of $1.00 per year is effective to January 1, 1934.)

Entered at the postoffice at Canyon, Texas, as second class matter. Published weekly at office, 1513 Fourth Avenue, Canyon, Texas.

CWA work over Texas is being roundly criticised. Panhandle counties are perhaps raising the greatest objection owing to the fact that $8,900,000 appropriated to the drouth stricken district has been thrown into the general relief program for the entire state. Objections have been registered against this procedure and is thought to be getting results. Randall county was first assigned only 121 men for work. Austin officials then raised the number to 157. Objection to this small number brought authority to put another 100 men to work. The local committee has asked for authority to put at least 300 men to work. Panhandle counties are receiving more favorable consideration since the meeting held recently in Amarillo, and the protest carried to Austin. A number of needed projects in Randall county will be completed if work is allowed to continue as started this week.

President Roosevelt's message to the young people of America last week was such as might be expected from a man with a vision, who was looking past the present difficulties into a better day. If the young people of today are not better than those of yesterday, there is something radically wrong with the whole set-up. Every generation of older people have believed that the young folks are the worst the world has produced. This is far from the facts. There may be more bad youngsters today than a generation ago simply because there happens to be more young folks in existence. But on the whole, the young men and young women of today stack up pretty well with those of any generation. Incidentally, the President paid his respects in no uncertain words to the Governor of California and his approval of lynching.

Money on the wheat allotment is expected in Randall county between Monday and Wednesday of each week. Al Smith calls it "baloney" money and Herbert Hoover drubs it "confetti" money. Nevertheless, the farmers who receive those government checks for their wheat will be able to buy anything they wish in Canyon. The farmers are glad to get the money, and the business houses will gladly swap new merchandise to the farmers for any of those dollars.

The Lindberghs are proving to the world that the air is a safe way to travel when the ship is piloted by a safe and sane navigator who is unwilling to take chances. Stunt flying is always unsafe. The fellow who is always willing to take a chance, be he an air pilot or an automobile driver, will eventually find himself in difficulty. It pays to be sane in all methods of locomotion.

The crime wave, with murder prevailing, is filling the daily newspapers with gruesome tales. All sorts of excuses are presented by the criminal class for such deeds. Most of them start with the idea that the life of crime is the easy way, but eventually they realize that crime never pays.

Lieutenant Governor Edgar Witt has formally announced his candidacy for Governor of Texas. Speaker Coke Stevenson announces he is still thinking about it, and may announce about 90 days before the July Primary. If the Speaker waits that long to get into the race, he had as well wait until the day after election.

NOTICE OF FARM ALLOTMENTS AND OF MAXIMUM ACREAGES OF WHEAT FOR 1934 UNDER CONTRACTS FOR MEMBERS OF THE WHEAT PRODUCTION CONTROL ASSOCIATION OF RANDALL COUNTY, STATE OF TEXAS.

Listed below are statements of the allotments which have been determined for members of the Randall County Wheat Production Control Association. These allotments are to hold for the duration of the present wheat contracts, and they are the basis upon which adjustment payments are to be made. They have been determined by the County Allotment Committee after careful consideration of the application statements. Every effort has been made to have these allotments as accurate as possible. The maximum acreage which may be sown to wheat for the 1934 crop on each farm, under the reduction requirements of the contract, is also listed.

The Randall County allotment, which has been calculated from records of the United States Department of Agriculture, is 1,134,864 bushels. This is the total number of bushels alloted to the county under the wheat plan. The total of the individual allotments, including those allotments which could have been assigned to farms which are not participating under the wheat program, must be in line with the county allotment figure. The number of nonparticipating wheat farmers in the county is 135; the average total wheat acreage for the nonparticipating farms during the base period is 17,611 acres; the total average wheat production on these nonparticipating farms during the base period is 125,315 bushels.

If your reputation is of any value you don't need to brag about it.

SPIRITUAL RECOVERY IN PRESBYTERIAN CHURCH

A Spiritual Recovery Crusade has been inaugurated in the Presbyterian church, based somewhat on the NRA of the National Government. This movement in Nationwide. It is being carried on in forty-eight states to its two milmion members in nine thousand one hundred seventy churches. The expenditure last year of these churches for their own use and for Mission causes was eight million dollars.

The recovery crusade is not financial, but spiritual. Speakers at the local Presbyterian church last Monday evening were Dr. F. N. Grafton and Mrs. G. E. McWhorter of Plainview, and the Rev. J. H. Boles of Tulia.

Bill Gray left for Oklahoma Monday.

Plans for 'Forgotten Man'

Puzzling over some knotty problem in connection with the federal plan to house families of more than 200 poverty-stricken coal miners, Mrs. Roosevelt is shown with her friend, Nancy Cook, and several workmen on the 1000-acre Reedsville, W. Va., site set aside for the project by the government. The First Lady has taken an active hand in this relief experiment, which is in line with the president's plan to return low income workers to the farm.

Hobo Day Brings Excitement Tuesday to Students

Hobo Day was observed at the West Texas State Teachers College Tuesday with practically the entire student body carrying out in costume, spirit, and conservation the traditions of the Knights of the Road. Cries of "Mister, can you spare a dime?" and "Hallelujah, I'm a bum!" greeted every visitor to the campus in the morning, and a climax of festivities was reached at the assembly hour which was turned over to the students for an informal Hobo program.

Alvin Morgan of Comanche, Oklahoma, served as Master of Ceremonies and Ramon Williams of Amarillo introduced prominent "bums." Miles McGehee of Wayside and Hosea Foster of Canyon presented short features, and excitement reigned over a contest to select the most appropriate dressed hoboes.

The most hotly contested race was between Dr. J. A. Hill, president of the college, who surprised the students by appearing in hobo garb, and Horace Hickox of Canyon and Jimmie Holston of Amarillo. After a bitter contest, Hickox was finally chosen.

For the girls, Mary Beth Williams of Hereford won over her nearest competitors, Yvonne Thomas of Pampa, Nina Mae Drew of Plainview, and Vera Tyler of Childress. Winners in the contests will be featured in Le Mirage, the College yearbook.

The day's events culminated in a Hobo party for seniors and juniors, at which the quests must appear in hobo regalia.

Hobo Day was planned by the Student Council of the College, and will be celebrated each year.

Two Men Held On Charge Of Holding Booze

Sheriff Bob Barnett and deputies made a raid at the Finck place on the Palo Duro Canyon Friday afternoon, getting two men and a quantity of booze which the men were guarding with weapons.

O. M. Oleson and John W. Terrel were the men arrested, both recently discharged from CCC work at the Palo Duro State Park. 11 half gallons and 12 pints of booze were taken, together with a 30-30 rifle and a number of knives.

Bond for the men was set at $2,000 each, and they are being held in jail awaiting the action of the grand jury.

CARD OF THANKS

We wish to thank our friends for their sincere expressions of sympathy during our recent bereavement.

Mr. and Mrs. Calvin Middleton.

High Temperature of Sunday Followed By Sudden Decline

The temperature of Sunday afternoon at 3:00 o'clock reacher 89 degrees above zero, regular summer weather. With practically no wind, the afternoon was ideal for outing excursions and for golfing.

A drop in temperature Sunday night sent the mercury down to 36 degrees above, which was followed with a lower temperature of 28 degrees above on Tuesday morning.

The high temperature of Sunday breaks all local records for December.

Instead of "Crash That Line," It's "Crash Those Pins," With Ten Million U. S. Bowlers Crowding the Nation's Alleys

BY PHILIP MARTIN

ONCE again the indoor sports season arrives and the clamor of crowded stadia gives way to the clatter of crashing tenpins. Ten million bowlers are warming up their delivery, callousing their thumbs, and cursing splits, as the current bowling season gets under way.

In 25,000 recreation parlors throughout the hinterlands, nearly one-tenth of the nation's population is trying to make strikes. Not the NRA kind, of course, but the soul-satisfying type that occurs when the mineralite curves right into that 1 and 3 pin pocket. Or, in the case of a southpaw, 1 and 2.

Seven of these ten millyun pin-crashers represent organized teams which are members of the American Bowling Congress. And if you know your A. B. C., you are cognizant of the fact that its annual tournament is the "world series" of bowling.

In this classic some 2500 five-man teams and 5000 two-man teams joust for more than a hundred grand ($100,000 mex.) in prize money. Which gives you an idea.

The bowling germ has proved a very virulent and long-lived little bug. The game was a Dutch treat to America, a bunch of Vans having introduced it 300 years ago in lower New York. Bowling, you remember, contributed to the delinquency of Dame Van Winkle's husband, (the) old Rip.

Until 1840 the game was played on the verdant greensward. Then grass "alleys" gave way to the common wooden variety. Since the middle of the 19th century, bowling practically has been confined to indoor play. In 1875 the National Bowling Association was formed. The A. B. C. took shape in 1900, and has ruled since.

Bowling is not one of those games in which youth alone is served. Like bourbon, bowlers seem to improve with age. Some of the hardy perennials of the alley sport are Jimmy Smith of Milwaukee, Joe Scribner of Detroit, Phil Wolf of Chicago, Mike Mauser of Youngstown, O., Harry Votel of Pittsburgh, Jules Schmidt of St. Louis, Matt Luecker of Chicago, Pete Schultz of New York, and Emil Matak of St. Paul.

• • •

IN the last two decades, women have taken such an interest in the game that a Woman's Bowling Congress was organized in 1916. Each year the weaker sex (pardon a chuckle) flocks to the alleys as to bargain sales; and the women's feats are startling the men with monotonous regularity.

Of the feminine contingent, the name of Mrs. Floretta McCutcheon of Pueblo, Colo., stands out. This lady, who started her bowling career at the age of 35, has built herself a reputation which many of the outstanding male bowlers well might envy.

Among her accomplishments Mrs. McCutcheon can list four perfect 300 scores, a world's record three-game series mark of 817, an average of 245 for 12 consecutive games, and other feats, many of which eclipse those of men ball-heavers.

She even beat Jimmy Smith at a time when he was known as the "World's Greatest Bowler." And that's no mean feat on any man's alley.

The men may think they're kingpins in the bowling world and all that, but Mrs. Floretta McCutcheon, below, outstanding woman bowler, showed Jimmy Smith, above, a thing or two at a time when he was known as the "World's Greatest Bowler."

Amarillo Woman Has Art Display at Pioneer Hall

An exhibit of the work of Mrs. Darrell Jackson, Amarillo artist, will be on display in Pioneer Hall during this month and until the middle of January. The collection consists primarily of etchings, but also contains water color paintings, oil paintings, and block prints.

Mrs. Jackson, who was formerly a member of the faculty of Amarillo College, has studied in art centers in both Europe and America, including London, Paris, Rome Chicago, and New York. During the past summer she studied at the Art Institute in Chicago. Some of her paintings and etchings were done in Europe and some in West Texas.

"We are very fortunate in having this splendid exhibit here," said Miss Isabel Robinson, head of the art department at the West Texas State Teachers College. "One of the especially interesting things about Mrs. Jackson's exhibit is the unusual and attractive framing of the etchings, which adds greatly to the interest of the subjects themselves. This is a matter frequently neglected. I believe they are more suitably framed than any etchings I have seen."

AMARILLO BAKING COMPANY

Associated with J. W. Houck in the ownership and management of the Amarillo Baking Company are his two sons, Hoyt Houck and R. D. Houck. The company established their business on a modest basis in Amarillo in May, 1932.

The company's business has continued to grow until at this time there are approximately thirty employees and a fleet of five trucks are needed to serve Amarillo alone, with additional six trucks handling the surrounding trade territory.

In commenting on the rapid growth of the company, Mr. J. W. Houck attributes its development and success to several principal causes. The plant and equipment have been kept completely modern, new, better baking machinery and methods being utilized promptly as they came into existence. However, Mr. Houck places even more importance on the fact that in the matter of cleanliness and sanitary conditions, the company's modern plant has an enviable position not only in Amarillo, but in comparison with modern bakeries anywhere.

THE EAGLE'S TALE

VOLUME NO. 8 | CANYON, TEXAS DECEMBER 14, 1933. | NUMBER 14

Well gals:

You never beat Happy, but what you liked wasn't much. Fer awhile there I thought you really wuz gonna win. Well, I guess I'll hevto spend a little time braggin' on you. If there ever wuz a team that could pass prettier than your little team does (most of the time) I'd like to see 'em.

There's a guy that shore oughter be given a slap on the back fer the interest he's takin' in you gals. Frum whut I heerd, he'd never seen a gal's basketball game before you all played Happy the first time, and then he took his car fulla gals to the next Happy game tuther night. Thet ain't all he's done. After the game he says, "All you gals pile in your car and go down to Huckabee's, I'll buy your supper." And he jset bought 'em anything they wanted. Uv course you can't guess who it wuz or why he'd be interested, so to save you thet ime you'd spend on guessin' who, I'll jest tell you. None other than Carl P. Overton, Sis's and Havta's dad.

I been watchin' the kids up here to see who wuz the best sport. Maybe you all had never thought about it. But there's a gal on your feminine team what is the best sport I ever seen. Not only in basketball, but every where. Geneva Whitman, guard on the team, is the gal I'm speakin' uv. When a bunch of kids is going on a basketball trip and if there ain't enough room fer everyone, she's always the first to say, "I'll stay here." No matter how bad she wants to go. Then on one trip the sand wuz blowin' terrible, and who offered to sit in the seat nearest the door where the dirt blew the worst. Nobody but Geneva. And she never gets mad at you either. Just notice her now, and see fer yourself.

Now all you kids be good—Santa's just around the corner.

High School Band Has Shown Much Improvement

The Canyon High School Band has progressed rapidly this year. Formerly the band has only practiced twice each week for one hour; however with the installation of the new schedule this year, there is an hour each day in which to practice. This period is observed just as a regular class.

The band has played at all except two of the home football games. The band made the trip to the Happy game. Special preparation was made this year in order to be able to play at these games. New "Promotion" band books were purchased by the members of the band. Most all members of the band are juniors. Because eight of the twelve members will graduate next year, and two of the members will graduate this year, the band hopes to get a number of new members in the next two years. The band began when most of the members were 6th graders, however it has not played at many of the football games until this year.

At present the band plans to play at the basketball games this year.

Happy Jacquettes Defeat Eaglettes 34 to 26 Score

By a score of 34 to 26 the Canyon feminine cagers were defeated a second time this season by the Happy Jacquettes in a thrilling game at Happy last Friday night. Although the Eaglettes were defeated, they showed much improvement in both offensive and defensive play.

The game was very close until the last two minutes of the contest when Overton Eaglette guard fouled out. Hutton, Jacquette jump center, scored several points in the closing minutes of the game.

The game was a thriller from start to finish, neither team was ever able to gain a substantial lead on the other. Fans were kept in a frenzy of excitement, for the score was tied during a large part of the game.

Sutton was high point scorer with 21 points, and Crawford, forward, was high point scorer for the Eaglettes with 16 points.

Miles Standish Skits Presented To English 10

Last Wednesday five pupils of the Seven A class of the Canyon Grade School presented two scenes taken from "The Courtship of Miles Standish" by the beloved American poet, Longfellow, to Mr. Terry's tenth grade English class. The scenes presented were selected and dramatized by the grade students during their study of the famous poem, under the direction of Mrs. Terry.

The pupils that presented the skit were Sarah Thompson, Lillian Chambers, Sam Robinson, Dick Redfearn, and Joe Harry Roberts.

Rev. Quattlebaum Spoke at Thurs. Chapel Program

As assembly speaker Thursday afternoon, Rev. J. O. Quattlebaum, new pastor of the Methodist church of Canyon addressed the student body on "Forming our Ideals and keeping them." He spoke of honesty, fair play, virtue and the spirit of making the world better for our having lived. He emphasized the importance of having standards for personal purity and idealism. "But what good are our ideals if at the first temptation we fall? Someone has said that 'one is not fit to live until he has found something for which he is willing to die,'" said Rev. Quattlebaum. The students are glad to have met Rev. Quattlebaum and hope for the pleasure of hearing him again.

The next part of the program was in charge of Mrs. J. D. Barker, high school music instructor, who announced the Damrosch musical program for Friday morning.

Students then gave briefly the stories of the operas which were to be on the radio program. After each story some of the music of the opera was heard. Jack Oldham told the story of "Der Freishultz" or "The Freeshooter." Irene Thompson, the story of "Aida," Robert Orton, that of "The Evening Star," and Robbie Foster, "Lohengrin or the Swan Knight." These stories were enjoyed by the entire body of students and teachers.

Alamo Outlaws Lose Basketball Game to Happy

The Alamo Outlaws, composed of former Canyon High School basketball players, were defeated 41-22 in a fast game at Happy last Friday night.

The Jacks' victory was due to their superior condition and team work. The Alamo squad had never worked together, having been organized only a short time ago.

The Outlaws showed occasional flashes of team work, but were seldom able to penetrate the Jacks' defense.

Barnard, Happy center, was high point scorer with 12 points. Wiggins was high point scorer for the Outlaws with 8 points, 6 of which were made from almost the center of the court.

Both teams substituted frequently, and almost every player on both squads played.

MISS GREENFIELD IS SUBSTITUTE TEACHER

Miss Ruth Greenfield, an ex-student of Canyon High School, has been teaching in the science department in the absence of Mr. Aubrey Fox.

Canyon-Olton Debate Meet Is a Success

Seven out of eleven debate teams of Canyon High School won in the Canyon-Olton debate tournament, which was held in Canyon, Dec. 6.

Armor Lee Greenfield and Rosa Cash won over the Olton debaters Mary Jo Ogden and Norma Joyce Ruthston.

Bobbye Jo Cheney and Dora Mae Plaster lost to Evelyn Vaughn and Joaline Simpson of Olton.

Mary Ella Lowe and Loura Ferne Brian defeated the Olton debaters, Mildred Hodges and Helen Norfleet.

Mary Ella Davis and Claudia Fae Teal, Canyon debaters, lost to Pearl Brigance and Helen Carpenter.

Dan Gerald and Alton Brasuel won over Rupert Sparks and Grover Davis from Olton.

Avent Lair and Hal Gamble of Canyon defeated Chlois Johnson and Jesse Ely.

Bob Orton and Jack Oldham lost to Max Dodson and Doyle Hagle from Olton.

Chris Wooten and Jacky Pitts lost to Nadine Johnson and Rosalie Hagle of Olton.

In the second round of debates Jack Oldham and Bob Orton won over Rupert Sparks and Grover Dennis of Olton.

Armor Lee Greenfield and Rosa Cash won over Mary Jo Ogden and Norma Joyce Ruthston.

The judges for this tournament were ex-debaters of Canyon High School. They were Ogden Stroud, Bob Black, Vincent Lockhart, Cleo Heath, Joe Collins and Kathryn Robinson.

Mr. G. S. Terry, coach of the Canyon debaters, states that debating with that many people taking part is certain evidence that young people are taking an increased interest in affairs of that kind.." Mr. Terry continued, "As far as good debating is concerned, considering that they have had so short a time in practice, both sides showed themselves up, very well. Both schools are farther advanced in the study of the subject under debate, this year than usual."

Mr. R. E. Terry, coach of the Olton debaters, also stated that the contests were conducted very well and that he was delighted with the results.

On Wednesday, Dec. 12, Canyon's ten teams returned the favor and went to Olton where the same number of debates were held, judged by ex-debaters from Olton.

Why Daughters Get Grey Has Been Discovered

Why do daughters get grey? Silk stockings, unanimously shout the younger members of the fair sex.

If you happen to be the kind who lives in constant terror of those hideous "runs" horrible ban of the feminine world, and roll your hose instead of risking an outbreak every time your are seated, your bare knees invariably show and that, upon certain occasions, might be called embarrassing. If on the other hand, you wear your hose carefully covering the knees, you are constantly in fear of a sudden pull followed by a "run."

Then there is always that unforgettable horror of "snags." Everyone has noticed some harassed Daughter of Eve cautiously sidling out of some splintery corner or briar-patch. But when such things as runs, snags, or holes happen, it is then and then only that true womanly ire rises to its most violent stages. After the fury has somewhat subsided, you will, if you dare approach that near, hear the victim invariably moaning, "Oh why, Oh why, did that big sap, Queen Elizabeth, start the fad of wearing such sheer, fragile hose." Finally concluding after a series of rantings and ragings at the famous English Queen, "Oh, for a needle and thread."

Eagles Receive New Basketball Equipment

The athletic department of Canyon High School has recently purchased new equipment for the 1933 and 1934 basketball teams and teams of following years. The equipment consists of ten playing suits and eight warm-up suits. The warm-up suits are purple, trimmed and lettered with white. The numbers are placed on the upper part of the left sleeve, and across the front, "Eagles" is written in large script letters. With all this equipment the players should play harder to have a successful season. Just wait until you see them!

In Condolence

The Eagle's Tale staff, together with the faculty and entire student body, wishes to take this method of extending deepest sympathy to Mr. and Mrs. Aubrey Fox at this time of their bereavement over the loss of their son.

Faculty Facts

Mr. O. T. Barker, at present instructor in manual training, woodwork and mechanical drawing in Canyon High School, began his career in the year 1904 in Lamar County, Texas. At the remarkably tender age of four he, perhaps, first displayed the beginning of a dominant character. One bright summer's day when the fun-loving lad was out of doors following his childhood profession —playing and betting into all sorts of mischief in general, his mischievous eye fell upon a stack of wagon side-boards piled at a precarious angle near a storm cellar. Promptly the dauntless young man marched over to the pile and started having an exceedingly good time, while the entire pile ominously threatened to come down upon his unoffending head. His father, noting the delicate situation, called to the boy: "Get off the planks, laddie, you'll hurt yourself." Thereupon the truth-loving boy shouted contemtously back, as he continued his—should it be called work? "Huh, These ain't planks, them's side boards!"

A few years passed and young Mr. Barker was found attending the Curr Rural School in Fannin County. Upon the second day of his educational career, the pugnacious youth sallied forth into the world proudly displaying a violently red cap. One small school mate, however, came to the conclusion that the flaming color disagreed with his sense of the appropriate, and it followed that the young Mr. Barker soon discovered himself engaged in a very warm debate, indeed, which ended, as all arguments have a sad habit of doing, in a roaring tearing scrap. For quite a while our hero contended in grave battle with his slightly larger contestant. When the challenger seemed to be getting the advantage, the challengee seized a very impressive-looking board, but, at this thrilling moment, the peace-loving teacher (poor soul, she should never have entered that profession) glanced out of the window, and with horror stamped upon her features she saw the impending board. Hurriedly she called the young warriors in, but when called upon to apologize the red-blooded young Master Barker obstinately refused, thereupon, the instructor executed the law of the school, it is sad to say, with an even more expansive board. Not a very good record, that—spanked on the second day of school, but—it could have been the first.

Fewer and farther between became these amusing pranks as Mr. Barker completed his course in the High Schools at Ector and Bonham, Texas, and fewer still in college, East Texas State Teachers at Commerce. "Yes," he stated, "I worked my way through college; for two years on a farm, one at a boarding house, and then there was an interval of two years when I was principal of a two-teacher school at Fairview, also in Fannin County, before I completed my college work at Commerce."

While attending E. T. S. T. C. he was an active member of the Y. M. C. A., president of the college Epworth League, secretary of the college Sunday school class, participant in and winner in several honors in track, and was second bass in a double quartette which traveled about the country, entertaining in the high school chapel programs. From this activity, Mr. Barker explains, he conceived his great fondness for vocal music.

It was while at college that he met his wife, Mrs. Henrietta Barker, and it all came about, as such things just will, when she was secretary and he president of the Epworth League. They were married at Gillmore, Texas, May 29, 1929, and, but of course everybody's heard about it, there was a big addition to the Barker family, not so long ago, when Miss Judith Ann put in a very important debut.

"No, I don't care much about moving pictures. In fact, so great is my interest, that I have attended one picture show in Canyon and one in Amarillo since I first came to Canyon." But Eddie Cantor is Mr. Barker's favorite radio star, and although he has no actual hobbie, his preference along that line is mechanical drawing. He also enjoys any kind of work with young people.

A number of students from Canyon High attended the ball games at Happy Friday night.

Music Appreciation Hour Enjoyed By The High School

The students of Canyon High School enjoyed a half hour of selections from four operas Friday. Every Friday from 10:00 to 11:00 o'clock a music appreciation hour for school children is broadcasted over the NBC by Walter Damrosch and his orchestra. The program was as follows:

Introduction to Overture "Der Freis Chutz"—Weber.

March from "Adia"—Verdi.

Song of the Evening Star from "Tannhouser"—Wagner.

Introduction to Act III, "Lohengrin"—Wagner.

Mrs. Barker, public school music teacher, arranged a display on the stage of the instruments which were featured in the program.

$161 Is Spent In Maintenance Of School Plant

It takes $161 a day to operate Canyon's Public Schools.

There are 25 teachers, 3 school busses, 2 janitors, 3 school truck drivers, one business manager, and 2 buildings to be maintained; 600 pupils, light, gas, and water, each of which must be paid, or paid for.

Each school day there are 160 classes taught.

Besides these, there are the various extra curricular activities which are the major citizenship building organizations of the school and includes debate, declamation, Girl Scouts, athletics, extemporaneous speech, science club, girls outing club, Latin club, Spanish club, press club, and Tawamana club. These are the organized activities. There are many more carried on as supplementary features of class work.

Besides the regular class work, there are four laboratories maintained in school. There are the chemistry, physics, home economics, and manual training laboratories.

In considering the fact that all of this complex organization is maintained for the amount specified, it is readily seen that the people of Canyon are getting a great deal for their money.

Extemporaneous Speech Starts In County

Interscholastic League extemporaneous speech contests this year promise pupils participating, the exhilaration of a sport, and at the same time the satisfaction of knowing that the preparation for this contest informs them on important public questions, while furnishing an opportunity for developing skill in making public addresses.

The first general subject for study in this contest, according to Miss Irene Angel, director of Extemporaneous Speech of the League in this county, is the New Deal. This involves a study of the various measures the present administration is taking to combat the depression, raise wages, raise prices of agricultural products, and at the same time extend credit and relieve unemployment. Five topics under this general head will be included in the list of about forty or fifty topics which will be furnished for use in county, district, regional and state meets. The other general subjects will be published later, and five topics issued under each of the subjects. Two magazines, The News-Week, and The Scholastic, are suggested as sources for this material, and pupils are urged to keep up with the subjects as announced in other magazines and in the daily papers.

Several Books Return After Many Years

Recently some books have been returned to the Canyon High School library that had been lost for a year or more, and two new ones have been purchased. These are indeed appreciated and needed very much. The two new books are "Picturesque Word Origins from Webster's New International Dictionary" and "Co-operative Citizenship" by Joseph T. Arnold.

If parents or anyone in the home of students or ex-students find books that belong to the school, even though the marks of ownership may get erased, it would be appreciated very much if the finder would return such books to Mr. Carruth at the library.

Ruth McCrerey visited in Happy and Wayside over the week-end.

Happy Debaters Visit Canyon-Olton Debate

Canyon was not only visited on Thursday, Dec. 7, by the debaters from Olton, but also by the debate delegation from Happy, who came for the purpose of observing. Happy will soon meet the Canyon debaters in, perhaps the first actual debate of the season. The Happy coach, S. Boone McClure, sponsored the group that came from his town. They were L. G. Raymond, Huckabee, Mary Clark, Edith Mil-Morland B. McManigal, Anna Beeler, Linnette Harter, Kenneth Walters, Bert Clark, and Joe Johnson.

Home Economics Club Meet Tues.

The Home Economics club met Tuesday, Dec. 12, in the Home Economics room.

Plans were made to divide the club into two groups. The freshmen and sophomores in one group and the juniors and seniors in the other. Each club will elect its own officers and meet once a month. The club studied tea etiquette.

Seven Mexican Students Enrolled In Grade School

There are seven Mexican children enrolled in the grade school of Canyon public schools. Their names are: Mary Gonzales, Anita, Joe, Johnnie and Raymond Martinez, Jesus Ramos, Virginia and Marguerite Barquez. These students are in the grades from the first through the fourth. They have these usual characteristics of the Spanish and Mexican race: kindness, courtesy, musical ability, and a rhythmical sense, and are good in art and handwork.

The Mexican students now enrolled seem to be mentally alert, discerning and clean. It takes a rather long time to teach Mexicans beginning in the first grade for they cannot understand English at all and have to be shown everything the teacher is talking about. The majority of the Mexican boys are good in athletics and games where rhythm is concerned. Several are showing signs of developing into good football players.

Although some go to school with the feeling that they are looked down upon, the majority seem to like school very well and really enjoy attending school.

It is interesting to note that the Mexican children are willing, and even eager to talk to students and teachers who are interested in Spanish and Mexican people and affairs. Several of the Mexican students sang songs for the Spanish club in a program this fall. They truly appreciate kindness and people's interest in them and are courteous to those with whom they talk and come in contact. More and more American children are accepting Mexican students on an equal social standing, and the latter take part in all of the grade's activities.

Senior English Classes Have Many Poets

The senior English class has been trying its talent in writing poetry.

Every type of poems were turned in: sad, funny and dignified rhymes.

Most of the poems were only four lines long, but a few of the students who were overly ambitious wrote several lines.

The students found much difficulty in trying to find words that would rhyme for a poem. A subject matter for the masterpiece was even harder.

Nell Slaton, an outstanding English student, seemed to think it hard indeed to find an inspiration for her poem.

Her poem is entitled "Inspiration."

I waited Wednesday
And meditated Thursday,
Yet came no inspiration
For my creation.

I groaned on Friday
And moaned on Saturday,
But no apprition
Of illusive inspiration.

I sighed on Sunday
And cried on Monday;
Now you know it—
I am no poet.

Winnie Dee Hicks, Jewell Chambers, Maebon Howard, Margaret Nicholas, Dean Nicholas, and Mr. and Mrs. Nicholas took their lunch to Palo Duro Park Sunday and spent the day there.

FRIENDS AND ASSOCIATES

What do we think of our friends and associates and why do we associate with them? Do we associate with them merely because they are popular, or because they can get the use of a car occasionally? Perhaps they have more spending money than the other students. But do we trust these associates? Do we feel as though we could tell them our troubles and receive comfort? Would we be able to give them comfort and believe their word against all others? In any case, can we tell them the absolute truth? Does our friend measure up to Emerson's standard: "A friend is a person with whom I may be sincere before him I may think aloud?

Are our friendships made up of such light material that we are afraid one small jar would destroy the friendship. Perhaps it is only through chance that you have some friends. If so, are you giving those chance friendships a solid foundation? What kind of friend are you?

Negro Minstrel Postponed Until After Christmas

The Negro Minstrel, sponsored by the Parent-Teachers Association, has been postponed until after the Christmas season, owing to the large number of activities that naturally arise during the pre-Christmas season.

It is hoped that as a result of this postponement, a larger crowd will attend the minstrel when the exact date is settled.

So That You May Know

(This is the third of a series of articles by supervisors of the Public Schools.)

In a previous article in this column, this writer made the statement that your school is putting into operation a most comprehensive program in order to care for the varying needs of the children in our charge. In that article the provisions for retarded pupils were discussed. It is proposed here to show you some of the things which we are doing for students who are advanced.

In the first place pupils who make a grade average of B are allowed to take five subjects, thus giving them opportunity to expand their interests, and at the same time to keep their minds busy. This has the additional good point of preventing formation of indolent and wasteful study habits.

A number of classes in the high school are being conducted by the contract plan. This allows each student to work at his own rate; thus advanced pupils have ample opportunity to work ahead of the others, making their progress in the course rapid and more comprehensive. Thus in a science, or English, or history course, while the plodding student is mastering the minimum essentials, those who are farther advanced can broaden their knowledge of the subject.

Still another way in which the superior pupil can find room for additional growth is through the medium of extra curricular activities of a literary or artistic nature. Among them are debate, expression, music, home ec. clubs, Girl Scout activities, etc.

All in all we feel that your school is giving some intelligent consideration to the problems of the superior pupil.

Home Ec. III Girls Serve Meals To Fourth Grade

Friday afternoon in the laboratory of the Home Economics department the Home Ec. III girls prepared three meals, a breakfast, lunch, and supper for an undernourished child of nine years of age. They also had a mid-morning and afternoon lunch. These were served in the dining room to three of Miss Erin Gamble's students.

This was the last demonstration Miss Fannie Sue Brasuel's class will give in its study of nutrition.

Basketball Schedule Is Arranged By Baggett

Registrar D. A. Shirley and Coach Al Baggett returned Sunday from Dallas where they attended several meetings of importance. Mr. Shirley attended a meeting of the Athletic Commission of the Association of Texas Colleges which convened Friday afternoon at 4 o'clock. Later in the evening, he attended a session composed of faculty representatives from the various departments of physical education. This particular meeting was for the sixth district of the National Intercollegiate Athletic Association. This district is composed of Arkansas, Texas, and Arizona with D. A. Penick of the University of Texas as chairman of this district.

Mr. Baggett made the trip in order to arrange the basketball schedule. He attended a meeting Friday of the physical education directors of the State Teachers' Colleges. Mr. Baggett discussed formation of an athletic conference using W. T. S. T. C., School of Mines of El Paso, and Sul Ross of Alpine as a nucleus.

THE GREAT AMERICAN HOME

Necessity is the mother of inventing something to make both ends meet when dollars are not elastic enough.

It is easy for a man's neighbors to find out a great deal more about him than he cares to have them know.

It has been reported that a veil of secrecy has been drawn about the government treasury. In that case, you could call United States currency, "hush money."

No, the young man in love does not carry a placard on his back. No placard is required.

Applause and Applesauce look a great deal alike in print and not infrequently the similarity goes beyond that.

It may be true there are people who know more than we do, but most of us are unable to find them.

New Frocks Foster Holiday Spirit

TWO-PIECE OUTFITS AND STRAIGHT LINE WOOLEN DRESSES ARE POPULAR; HIGH NECKLINES A STRONG FEATURE

The black wool faille dress at left has an all-over design of white silk polka dots. A godet lends fullness to the skirt's front. The skirt of the smart two-piece dress at right is black; the overblouse a mixture of green, black and white.

BY HARRIET

NEW midwinter frocks will do a lot to promote the holiday spirit. Gay-colored and natty, these dresses fit in perfectly with the Yuletide mood.

Two-piece outfits with woolen shirt waists or perhaps sweater blouses and straight skirts are highlighted this winter. And so are straight line woolen dresses with a bit of sleeve fullness and some sort of interesting fur trimming.

High necklines and rough, figured fabrics continue to be outstanding features. Checks, plaids, polka dots and diminutive dots resembling snowflakes on bright-colored backgrounds are as sweet as can be.

You can have a plain, bright-colored skirt topped by a mixed tweed fabric blouse or a colorful dress dotted in chic manner.

Red is handsome under a black winter coat. So is bright blue. Under a brown coat, it is smart to wear one of the new yellow dresses or perhaps one in a tawny orange tone. If you don't wear the brightest hues, pass up pastel shades for one of the off-color tones.

These are bright colors toned down to look dullish. Some of them have a slight overcast of gray or beige.

Gray is very good. Dress it up with a scarlet Ascot or some piece of flamboyant neckwear to brighten up the costume for gray winter days.

* * *

A DRESS for the street has a definite spectator sports air about it. The straight skirt is black and the overblouse is a mixture of green, black, and white.

The unusual opening at the neckline, the high collar, and the belt are black to match the skirt. Green and black buttons fasten the diagonal closing.

The blouse is form-fitting, with just a slight suggestion of width at the shoulders.

The model wears a black felt hat which exposes the right side of her head, black kid gloves, and black kidskin shoes. Her purse is also of black kid.

The black wool faille dress has an all-over design of white silk polka dots. A godet gives fullness to the front of the skirt and fullness above the elbow gives breadth to the shoulders.

Cuffs and Ascot tie are of white fur. A silver ornament adorns the patent leather belt.

Dr. R. P. Jarrett Returns Sunday From Meeting

Dr. R. P. Jarrett returned Sunday from Nashville, Tennessee, where he attended the annual convention of the Southern Association of Colleges and Secondary Schools which met there December 7 and 8th.

One of the interesting features of the meet, says Dr. Jarrett, was an address on "An Adventure in Common Sense Education," by Dr. Hamilton Holt, president of Rollins College, Winter Park, Florida.

Another prominent speaker was President Martha Berry, of The Berry School, an institution for the training of underprivileged children. Pres. Berry was chosen one of the ten most valuable women leaders in the United States two years ago.

Dr. Jarrett also had an opportunity while he was in Nashville to visit his alma mater, Peabody Teachers College, and to visit with many old friends and classmates.

Students to Appear In Christmas Service Soon

A group of forty Methodist students will take part in "The Light of Men," a Christmas production to be given at the Methodist church Sunday evening, December 17th.

The production will be an unusual one of its kind, the story being told from the light in the cottage to the adoration scene in the form of readings, chorus and drama.

Those taking special parts in the service are, Adella Beavers, Jessie Loudder, Lucy Jo Loudder, Elizabeth Faulkner, and Malcolm Carr. Miss Mattie Mae Swisher is directing.

WAKE UP YOUR LIVER BILE—WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resent a substitute. 25c at drug stores. © 1931 C. M. Co.

Many persons do not seem to be ashamed to advertise the fact that they have made a failure of marrage.

Some people lead mighty lonesome lives. They are trying to do right and the crowd won't follow them.

Library Receives Valuable Set

Source of Information Provided For Students

Placed on the shelves of the college library this week was the "Oxford English Dictionary." This dictionary is considered by many to be an authority and unrivaled in its field.

The "Oxford English Dictionary" presents in alphabetical series the words that have formed the English vocabulary from the earliest recorded times down to the present day. The dictionary contains information relative to the form, sense-history, pronunciation and etymology of words. Besides containing the standard vocabulary, it includes technical, slang and dialect words. The dictionary is so wide in its scope and so intensive in its treatment that it may serve as a lexicon of many languages.

It is hoped by the librarians that the students will find this work a valuable help, and that they will make a wise use of it.

FROM THE EDITOR OF THE AMERICAN BOY

In wild Mongolia, Roy Chapman Andrews, famous scientific-explorer, digs up the bones of monsters dead millions of years. In the Zululand of Africa, Carl von Hoffman, Russian adventurer, set a trap for a lion. The gripping experiences of famous men will be part of the reading diet in store for boys in 1934, according to word just received from the editor of The American Boy-Youth's Companion.

The issues of 1934 will be crowded with adventure. With Connie Morgan in the Arctic, with Douglas Renfrew of the Royal Canadian Mounted, with Jim Tierney, the retired detective who can't stay retired, the American Boy subscriber will enjoy the new experiences of his favorite fiction characters.

Stories that help prepare a boy for college and for business, helpful articles on hobbies and sports, and interviews with famous men, will help round out a record-breaking year for the magazine's readers.

The American Boy-Youth's Companion costs just $2.00 a year. Until January 1, 1934, you may obtain a three-year subscription for $3.00, a saving of $3.00 over the one-year rate for three years. If you wish to take advantage of the saving, be sure to get your three-year subscription in before January 1. Send your order direct to The American Boy-Youth's Companion, 7430 Second Blvd., Detroit, Mich.

WARWICK PRINTING COMPANY

CWA Projects

(Continued from first page)

supervisor of all construction work in Randall county. Mr. Hardin will coordinate the work on various projects being carried on under CWA allotment.

Panhandle counties are recognized in the new regulations which were given out by Lawrence Westbrook, which broadens the scope of CWA work.

All persons eligible for relief, whether or not on the relief rolls, are eligible for employment on Civil Works.

It was stated specifically that this authority to take persons eligible for but not on relief includes farmers who make the showing that they have no income.

"That no quota limit would be imposed in the drouth counties, but that all able-bodied persons, whether on relief or eligible for relief, should be given Civil Works employment."

Westbrook stated that a farmer or any one else may obtain a CWA job even if he is a property owner, and that moreover, it will make no difference whether the property is mortgaged or not. Citizens in this classification will have to register with county administrators that they have no income from property or resources upon which they can draw. That done, jobs will be supplied. It is far from necessary to show destitution, Westbrook said.

Because of dry weather, farmers in the Panhandle have been undergoing a severe strain, with cash money needed, but comparatively few have come under the CWA program since they were not on relief rolls. Westbrook's announcement will in all probability solve a vexing problem in the Panhandle, and enable a large number to go through the winter in 17 counties where the dry weather prevented growing of crops.

500 ARE EXPECTED AT BAPTIST PROGRAM

More than five hundred are expected at the all-church social at the First Baptist Church Thursday evening at 7:30. Laymen have planned for it; they will direct it, prepare the menu and serve it. They declare the ladies will miss a great treat should they fail to attend.

An invitation is extended to all Baptists in the community whether members of this church or out of the city and others who attend the services of the church whether Baptist or other denominations or other denominations or of no denomination. The laymen are anxious to have all Baptists and prospective attendants present.

A musical program will proceed the evening meal, an old time barbecue, a special program under the direction of Dr. C. E. Donnell, teacher of the Men's Bible Class, will be given during the meal hour with Mr. and Mrs. Herschel Coffee, instructors in the music department of W. T., furnishing special violin and piano numbers at the close of the program.

Following this program Thursday evening the Sunday School is looking forward to a record in attendance Sunday morning at 9:45. A goal of 300 has been set by the school with various classes and departments approving their proportionate number for attendance.

C.C.C. CAMP NEWS

By Nugent L. Lowrey
Company 1828

Plans are already being made at the Veterans' Camp for Christmas leaves of absence. Some of the leaders have already gone home for a few days, so as to be back here during the holidays when the majority of the men have chosen to be away. Among these are First Sergeant Edwin E. Bump of Company 1828 who left on Tuesday to spend a few days with his family in Orange. General orders grant a period of five days for holiday furloughs to each veteran from December 21st to 26th, or from December 29th to January 2nd, so as to allow half of the men to be absent at either interval; however, there is given the privilege of adding to this five-day period any earned days calculated at one and a third days per month of service. Those planning to take advantage of the opportunity of spending the Yuletide with their families organized into a group and chartered a truck service at a very low rate for the round trip, as the Government does not allow any travel expenses or inducements. The trucks will proceed along a route, or routes, that will take the men within a short distance of their homes, going thru Wichita Falls, Fort Worth, Dallas, on via Highway No. 75 to Houston, for one line, and through Lubbock, thence to San Antonio, for another line.

For those remaining in Camp for the holidays, Chaplain Ramage has arranged a Christmas tree program in Watson Hall, which is the name chosen for Camp Recreation Building. A Christmas cantata is also on the schedule. Chaplain Ramage has been doing some splendid work among the CCC men at this locality, as well as bringing about an excellent relationship between the veterans and the citizenship of the community. On Friday evening of this week, he has arranged for the presentation of a program by the Beacon Quartette of Amarillo, along with Junior Lowenstern, prodigy saxophonist; and on Saturday evening of this week the Athletic Department of W. T. will entertain with boxing, wrestling, and tumbling.

The Chaplain has made himself popular among the men by recognizing their respective abilities in music, baseball, singing, and appropriate leadership. On last Sunday morning, he extended to L. B. Saxon, one of the veterans, the privilege of preaching a brief sermon, and Mr. Saxon's message had an especial appeal, it seems, because of coming from "one of the bunch." Although an excellent leader in song himself, Chaplain Ramage also grants the privilege to other men of leading at intervals.

As a further help, there is strong assurance that soon some educational courses will be given, each man being allowed the option of getting some instruction, free of charge, in a few outstanding subjects. Robert Fechner, director of CCC activities throughout the Nation, has formulated educational plans, which President Roosevelt has approved, whereby the Government furnishes necessary materials and equipment for instruction in CCC camps of subjects that the Company Commanders deem beneficial. It is presumed that some knowledge of soil erosion and soil formations, along with outstanding features of Texas history, and possibly penmanship and practical problems of arithmetic, will be offered for the men of Palo Duro Canyon.

Progress continues toward adding to the comfort features at this camp. A Power Building is to be erected in a few days, some of the equipment already having been ordered, so that current will be supplied for the electric lighting system that is to be installed in the barracks and throughout the camp.

Changes in officer personnel continue. Captain Chas. D. Apple, who has been Company 1828 Exchange Officer, was transferred to Company 1821 (the new company that recently came from Colorado), and on Wednesday assumed his new duties as Company Commander there. Lt. Henry E. Snow is the new Exchange Officer of Company 1828. Rumors that Captain Cecil E. Stiles, Company Overseer of Company 1828, would soon leave for another camp has been banished, and Captain Stiles has been assigned to Palo Duro Canyon until April 1, at least.

In accordance with the General Regulation specifying that all Regular Army member will leave CCC service by December 15th, it is indicated that Major James A. Watson, who is Camp Commander here, will likely be relieved.

Dr. Angie Debo, historian of W. T., will speak to the men Sunday night at 7:30 o'clock. She is in charge of the Museum at the College, which has been visited by many of the CCC men.

T. C. Thompson was in College Station over Sunday attending a meeting of the directors of the Texas Hardware Dealers Association.

RFC Buys Stock in 1370 Banks—More to Follow

Washington, Dec. 9.—Uncle Sam is in the banking business in more than 1,350 communities with the prospect that before the new year rolls around he will own an interest in over 2,000 banking houses through the activities of the Reconstruction Finance Corporation.

Up to Thursday night, the RFC had invested $431,784,000 in preferred stock or capital notes of 1,370 banks.

Authorized to undertake financial operations the treasury cannot handle, the RFC started the preferred stock and capital note purchase plan as a means of assisting banks to remain open after the bank holiday last March.

As the recovery program developed, Chairman Jesse H. Jones of the RFC began pushing the stock note plan, the idea being to provide liquidity for better handling of increasing credit needs.

The RFC thru the stock purchases has a voting right in meetings of bank stockholders. It may say whether the management is satisfactory. It is not subject to double assessment should a bank fail, for all of the stock it buys is non-assessable.

"We certainly aren't going to let any bank we own stock in fail," Jones has said.

As a result of the purchases, the RFC has voice in the management of several of the largest banks in the country. It recently announced the purchase of preferred stock and capital notes in 12 big ones in New York. It already had purchased stock in banks in Chicago and other cities.
